Bulletin: PPMD-091506.1

Discover® Network Changes Update

As an update to the Global Payments 2005 Fall Compliance Bulletin (PPMD-103105.1) distributed on October 31, 2005 and the Discover Network® Changes Compliance Bulletin (PPMD-062606.1) distributed on June 26, 2006, this notification is to advise you that the Discover Network® has sent another notification amending the new Issuer Identification Numbers (IINs) for acceptance as of October 1, 2006 (see attached letter from Discover dated September 12, 2006).

The following list has been updated to reflect the existing 6011 range and the new IIN ranges.

Minimum IIN	Maximum IIN
60110000	60119999
65000000	65999999
62212600*	62292599

Discover Network has requested to have the following INN ranges removed if they have already been added to the applications.

62451800*	62451899
63888800*	63888899
68580000*	68580099
94007800*	94007899
95555400*	95555999
95559000*	95559399
95599800*	95599899
96880000*	96880599
98430200*	98430399
99880100*	99880299

***China Union Pay (CUP) IIN Ranges.**

Timeline

10/01/06 - All vendor applications certified to Global Payments Hosts which support Discover Card transaction processing must be ready to accept the new Discover IINs.

Impact/Action - Certified Application Providers

1. Modify POS application(s) to recognize new Discover IINs ranges **by 10/01/06**.
2. Contact Global Payments Product Integration Group at product.integration@globalpay.com to request a copy of latest specs for testing purposes **before 10/01/06**.
3. Notify merchants of upgrade to application(s) and convert as appropriate.
4. If you have already programmed any of the above-referenced ranges requested by Discover to be removed into your merchants' POS devices, please be advised that any Authorization requests will be declined on Cards with numbers in those ranges. In addition, when your systems are next updated, the ranges indicated above should be removed.

For use by Global Payments Inc and its customers only. The enhancements in this document may not affect your processing depending on your participation in these programs. If you have any questions regarding the content, please contact product.integration@globalpay.com.

**Re: Notice of Change to Technical Specifications
Change to IIN Ranges**

Dear Client,

We wanted to take a moment to thank you for helping to ensure the acceptance of Discover[®] Network Cards with account numbers in our approved ranges.* We appreciate the time and effort it takes to make changes to your processing platform and to update the many point-of-sale (POS) devices used by our mutual merchants.

Effective thirty (30) days after the date of this letter, you are not required to program POS devices with any of the IIN ranges listed below.

Start	End
62451800	62451899
63888800	63888899
68580000	68580099
94007800	94007899
95555400	95555999
95559000	95559399
95599800	95599899
96880000	96880599
98430200	98430399
99880100	99880299

If you have already programmed these ranges into your merchants' POS devices, please be advised that any Authorization requests will be declined on Cards with numbers in the ranges above. In addition, when your systems are next updated, the ranges indicated above should be removed.

This letter acts as a notice of changes to Chapter 12 of the Technical Specifications. Please retain this letter with your records.

If you have any questions, please contact your Discover Network Account Executive. Meanwhile, thank you for your continued efforts to support our expanding Discover Network Card acceptance.

Sincerely,
Paul H. Briggs
Senior Vice President
Discover Network

* These IIN ranges are identified in Chapter 12 (Discover Network Issuer Identification Number Range Management) of the Technical Specifications — Authorization Interface Versions 03.05.2 and 03.06.1. These releases were made available to you in October 2005 and April 2006.
